Tour Itinerary

1 : Heritage rainforest.

Next we are off to Springbrook National Park. With waterfalls cascading overhead, marvel at the wonders of the rainforest while walking the Twin Falls Circuit. Our guided walk through sub-tropical and temperate rainforests takes you a little further, to the view points that most visitors miss out on.

- A fresh and healthy picnic lunch is provided onsite at Springbrook by your tour guide.
- Cool off in one of the many flowing pools, swim or dip your toes in the fresh cool water.
- Keep a lookout for native wildlife such as wallabies and rainforest birds. Rare wildlife that can be spotted from the walking tracks such as platypus, spotted quoll and wombats.
- Use your camera, hug a giant tree! Smell the fresh air of the mountains and experience the creepy crawly insect world of this unique World Heritage rainforest.
- This brings you to the end of sightseeing and exploring activities with your guide.

On the return drive to Brisbane you can recall the stunning mountain views, waterfalls, forests, animals and bird life that make this region such a great destination to explore!
