## Tour Itinerary

**1 : Shuttle Departs**

The shuttles departs Launceston on most days, please check the availability calendar to check what dates and times the shuttle will depart.

It is a 50 - 60 minute drive to Bridestowe.

Most days there will be a morning shuttle, sometimes two.

If demand is great enough there will be an afternoon service.

You get to spend approximately 2.5 hours at the farm, enjoying the facilities, getting in amongst the lavender fields, visiting the shop, cafe and distillery.

Then 50 - 60 minute return to Launceston.

The shuttle requires a minimum of 4 adults to depart.

If minimum numbers are not obtained, passengers may be required to change their time of departure to ensure the service operates, so passengers may be asked to change to a different shuttle time.

If booking numbers are low and even moving departure times does not meet minimum numbers, then we will contact you to discuss options.

Pick up and drop off at all centrally located hotels in Launceston.

Alternatively the Launceston Transit Centre in Cimitiere Street will be the default location.

## 2 : During the commercial lavender non flowering season - February to November

Even though the commercial lavender is not in full bloom, the gardens offer a large selection of other lavender varieties, and there is normally some purple flowers all year round. As well as a vast array of other plants, bulbs and flowers. So even though the commercial rows of lavender are not in full bloom, there is still lots of purple and colour to enjoy and photograph.

During the non flowering season there will be two options available to you;

1. Book a shuttle as above. The shuttle requires minimum 4 people to operate, or

2. If you wish to visit the farm but 2.5 hours at the farm would seem too long, then there is another possible option available. The Bay Of Fires Day Tour visits the lavender farm as its first stop, with the driver giving an interactive talk on the lavender before allowing some free time for photos and to visit the gift shop. All up a 40 minute visit. The Bay of Fires Day Tour departs on Tuesdays, Thursdays, Fridays & Saturdays, and requires minimum 2 people to operate.
