## Tour Itinerary

**1 : Our Tour:**

This is a behind-the-scenes and exclusive visit to a distillery that is not open to the public and several of our favourite distilleries in the local Hobart area. Create your very own whisky from many different single malt barrels. Learn the fine art of distillation, get your hands dirty and sample a range of Gin, Vodka, Whisky, Rum and Liqueurs. Many of the samples throughout the day will be from unreleased barrels, never tasted before.

You will be guided by our passionate industry Tour Guides, with a wealth of Tasmanian distilling knowledge.

Tour includes cheese, biscuits, chocolate and fruit for morning tea and general grazing.

Lunch will be served in a local Distillery Loft - Locally catered individual options for each tour and an opportunity to Taste 'New Make' spirit directly from the still before it starts to mature in wood.

Meet Tasmanian distillery royalty and enjoy a dram and chat with them.
