Tour Itinerary

1 : WINE TASTING:

We arrive at your first boutique winery around 10.30 am. The winery staff will dazzle you with the finer points of the art of wine appreciation. You will learn how to look, smell, sip and identify the amazing tastes and differences of each wine and grape style.

All of the small, exclusive wineries you visit grow their own grapes, so the wines you try are produced on site. Many of the wines you will sample are medal-award winners, and the vigneron (winery owners) are naturally proud to show off their bespoke products

Visit your second stunning winery and sample up to 10 different wines. The Hunter Valley is famous for its Shiraz and Semillon grape varieties, so you will be sure to sample these two specialties. Between the sipping and spitting, make sure to keep an eye on the vineyards for the odd wild kangaroo. They are well known for relaxing in the heat of the day among the vines.

2 : CAFE LUNCH:

Choose from a selection of classic café dishes as you settle in for a relaxing lunch. Your lunch venue overlooks the tranquil dam of this popular golf resort. Keep an eye out for a cheeky kangaroo as you enjoy your lunch and a complimentary glass of wine or beer.

3 : BOUTIQUE WINERIES:

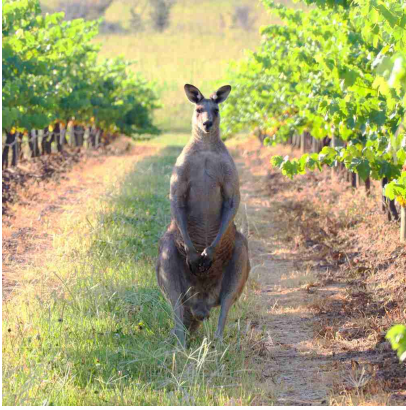

After lunch it is time to visit the third winery of the day. Each of the charming boutique wineries you visit are very different and specially chosen to give you an intimate experience, away from the larger commercial wineries. Take the chance to wander among the vines, so that you can be sure to get that perfect photo!

5 : CHEESE TASTING:

As all wine connoisseurs know, if there is one thing that complements wine to perfection, it must be fromage! The Hunter Valley Smelly Cheese Shop is a famous local institution packed to the brim with cheeses of every variety, as well as a wide selection of gourmet delights. You will try a selection of locally made cheeses and learn the finer points of cheese from a dedicated cheese expert.

6 : Relax:

Sit back and relax on your journey back to Sydney. Your guide will have you back at your hotel before 6pm.
